"I am an attorney with 25 years of experience in the real estate industry and I have never worked with a real estate agent as thorough and responsive as Donna Maier. She effectively communicated with the buyer and the seller to find common ground to get the deal done. She also had the innate ability to understand what was important to both parties,

without disclosing any confidence and bringing the parties together. Donna also added tremendous value by giving both parties referrals to reliable & reputable professionals. She really set herself apart from everyone else after the close of escrow by making herself available to meet with contractors & vendors at the property since we do not live on the island. Without a doubt, she is the #1 real estate agent in Hawaii in my opinion and I highly recommend her if you want to buy or sell a house in Hawaii."

"The location was perfect, we had multiple offers, but where you excelled was working through a very difficult divorce situation. My ex-husband did not want to sell, he made things extremely difficult for both of us while I was relocated on the mainland. Your finesse & professionalism working through the difficulties of his resistance was in my mind unsurpassed. I cannot thank you enough for your patience and persistence in getting to the finish line. Without your ability to deal with a hostile environment I don't think the deal would have gone through. Your ability to calm the waters when resistance was high on both sides, providing insight, support and knowledge. You went over and above the job description of "realtor." I can't thank you enough for the days and nights you spent making sure every aspect of our house & the legal obligations were attended to. Bravo, you did not earn enough and I know the only reason you hung in there was because you cared. You have won and earned my respect along with my friendship and lifelong loyalty."
