**W**ith more than 20 years of real estate experience on Kauai, I bring a seasoned, straightforward approach to helping clients buy and sell property on the island's South Shore. Since making Kauai home in 2004, I've focused my practice on residential, second-home, and resort properties in Poipu Beach, Koloa, Lawai, Omao, Kalaheo, and Lihue—areas I know deeply, both professionally and personally.

Many of my clients are navigating life transitions: purchasing a second home, relocating to Kauai full time, or selling a property that's been in the family for years. I understand the weight of those decisions and the

details that matter—because I've been there myself. What I offer is a calm, knowledgeable presence and a commitment to getting it right.

I've been honored to receive industry recognition, including being named a top performer by *Hawaii Business Magazine*. But what matters most to me is the relationship I build with each client. I listen carefully, keep communication clear, and prioritize your goals from the first conversation through closing. Whether you're searching for a home that fits your lifestyle or preparing to list your Kauai property, I'm here to guide you every step of the way—with no pressure, no fluff, and no wasted time.
